

ORDINANCE NO. XX (2012)

AN ORDINANCE OF THE CITY OF DIAMOND BAR APPROVING ZONE CHANGE NO. 2007-04 CHANGING THE EXISTING ZONING TO SPECIFIC PLAN (SP) FOR PROPERTY COMPRISED OF APPROXIMATELY 30.36 ACRES LOCATED AT THE SOUTHEAST CORNER OF BREA CANYON ROAD AND DIAMOND BAR BOULEVARD, DIAMOND BAR, CALIFORNIA (ASSESSORS PARCEL NUMBER 8714-002-900, 8714-002-901, 8714-002-902, 8714-002-903 and 8714-015-001).

A. RECITALS

1. On July 1, 2007, the property owner/co-applicant, Walnut Valley School District, and property owner/lead agency/co-applicant, City of Diamond Bar, executed a Memorandum of Understanding whereby the parties agreed to collaborate in a specific plan process in order to consider the possible rezoning of the site consisting of approximately 30.36 acres, and comprised of multiple parcels located at the southeast corner of Brea Canyon Road and Diamond Bar Boulevard, City of Diamond Bar, County of Los Angeles, California, collectively identified as Site D, so that both parties may each advance their respective objectives for the disposition and/or use of their respective property interests.
2. In accordance with the provisions of the California Environmental Quality Act (CEQA) and its implementing guidelines (CEQA Guidelines), an Environmental Impact Report (EIR) was prepared for the resulting Site D specific plan project. The EIR included an analysis of both the proposed project, subsequently identified as the March 2010 Site D Specific Plan, and a number of alternatives thereto. The EIR concluded that, as mitigated, the implementation of the proposed project would continue to produce a number of significant environmental effects that could not be reduced to a less-than-significant level.
3. As specified in the EIR, Alternative 6, identified as the January 2012 Site D Specific Plan, was determined to be the environmentally-superior feasible alternative since its implementation would allow for the attainment of the project's stated objectives and would avoid or substantially lessen the significant environmental impacts attributable to the proposed project.
4. CEQA contains a "substantive mandate" requiring public agencies to refrain from approving projects with significant environmental effects if there are feasible alternatives or mitigation measures" that can substantially lessen or avoid those effects. CEQA Guidelines define the term "feasible" as capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic,

environmental, legal, social, and technological factors. In accordance therewith, the City Council determined that, since the January 2012 Site D Specific Plan would result in the avoidance or substantial reduction of those significant environmental impacts attributable to the March 2010 Site D Specific Plan, is environmentally superior thereto, and is feasible, the City Council identified Alternative 6 as the preferred project.

5. The City Council certified that the EIR was completed in compliance with CEQA, that the EIR was presented to and reviewed by the Council, that the Council considered the information contained therein, and that the EIR reflected the Council's independent judgment and analysis. In accordance with CEQA and the CEQA Guidelines, a resolution recommending certification of the EIR, adoption of a mitigation reporting and monitoring program, and adoption of findings of fact was approved by the City Council prior to considering this resolution.
6. The January 2012 Site D Specific Plan, identified as Specific Plan No. 2007-01 (Site D Specific Plan), that is being reviewed concurrently with this application, includes a land use plan that establishes planning areas (Residential and Public Park/Open Space) and includes standards and guidelines for future development of the specific plan site.
7. In recognition that no specific plan may be adopted or amended unless the proposed plan or amendment unless it is consistent with the agency's general plan, as specified herein, a consistency assessment has been conducted by the City Council and the Council concluded that Specific Plan No. 2007-01 (Site D Specific Plan) is generally consistent with the City of Diamond Bar General Plan.
8. The following approval is requested to the City Council:
 - (a) Approve Zone Change No. 2007-04 changing the zoning districts from Low Density Residential (RL), Low/Medium Density Residential (RLM), and Neighborhood Commercial (C-1) to Specific Plan (SP).
 - (b) Adopt Specific Plan No. 2007-01, imposing site-specific design and development standards governing the approximately 30.36 acre addressed therein.
9. Notification of the public hearing for this project was published in the San Gabriel Valley Tribune and the Inland Valley Daily Bulletin newspapers on February 10, 2012. Public hearing notices were mailed to property owners within a 1,000-foot radius of the project site and public notices were posted at the City's designated community posting sites. In addition to the published and mailed notices, the project site was posted with a display board and the notice was posted at three other locations within the project vicinity.

10. On April 13, April 27, and May 11, 2010, the Planning Commission of the City of Diamond Bar conducted and concluded a duly noticed public hearing on the application and approved Resolution No. 2010-13 recommending the City Council approve Zone Change No. 2007-04. Prior to recommending that the City Council approve the March 2010 Site D Specific Plan—with the addition of a neighborhood park—and correlated zone change, the Planning Commission considered several alternative land use plans set forth in the EIR, including all-residential, and mixed-use alternatives.
11. On June 15, 2010, the City Council of the City of Diamond Bar conducted a duly noticed public hearing, solicited testimony from all interested individuals, and continued the matter to July 20, October 19, November 16, December 7 and on December 21, 2010 closed the public hearing.
12. On February 21, 2012, the City Council of the City of Diamond Bar opened the public hearing, conducted a duly noticed public hearing on the project and on the EIR, and fully considered the comments submitted during that hearing, including the Council's own deliberations. On March 20, 2012, the City Council held a public hearing on a second reading of Specific Plan No. 2007-01.
13. The City Council has determined that the proposed Zone Change represents a consistent, logical, appropriate and rational land use designation and implementing tool that furthers the goals and objectives of the City of Diamond Bar General Plan.
14. The documents and materials constituting the administrative record of the proceedings upon which the City's decision is based are located at the City of Diamond Bar, Community Development Department, Planning Division, 21810 Copley Drive, Second Floor, Diamond Bar, CA 91765.

B. NOW, THEREFORE, the City Council of the City of Diamond Bar does hereby ordain as follows:

1. The City Council hereby specifically finds that all of the facts set forth in the Recitals, Part A, of this Ordinance are true and correct.
2. The City Council finds that the initial study prepared for the project identified above in this Resolution concluded that an Environmental Impact Report (EIR) No. 2007-02 (SCH No. 2008021014) be prepared. An EIR has been prepared according to the requirements of the California Environmental Quality Act (CEQA) and CEQA Guidelines promulgated thereunder. On February 21, 2012, the City Council reviewed the EIR and adopted Resolution No. 2012-XX certifying the EIR as complete and adequate after conducting and concluding a duly noticed public hearing.

3. This City Council does hereby find, as required by Municipal Code Section 22.70.050 and in conformance with California Government Code Section 65853 and 65860, that the Zone Change No. 2007-04 is consistent with the General Plan, as follows:
 - a. The amendment to the Zoning Map is internally consistent with the General Plan and the adopted goals and policies of the City.
 - b. The Zoning Map does not presently reflect the General Plan designation for the property. Zone Change No. 2007-04 will place the City's Zoning Map in conformance with the General Plan by designating the Property as SP (Specific Plan), with sub-areas corresponding to those in the Site D Specific Plan. The existing approximate 30.36 acres located at the southeast corner of Brea Canyon Road and Diamond Bar Boulevard (Assessors Parcel Numbers 8714-002-900, 8714-002-901, 8714-002-902, 8714-002-903, and 8714-015-001) shall have a zoning designation of SP – Specific Plan.
4. The City Council does hereby approve Zone Change No. 2007-04 based on the above findings, as required by Municipal Code Section 22.70.050 and in conformance with California Government Code Sections 65853 and 65860.
5. The Community Development Director shall modify the Official Zoning Map in accordance with this ordinance to indicate thereon that the real property legally described in Exhibits A-1 through A-4 as attached herein is within the Site D Specific Plan.

The City Council shall:

- (a) Certify to the adoption of this Ordinance; and
- (b) Forthwith transmit a certified copy of this Ordinance, by certified mail, to:
Walnut Valley Unified School District, 880 South Lemon Avenue, Walnut, CA 91789.

APPROVED AND ADOPTED THIS 21st DAY OF FEBRUARY 2012, BY THE CITY COUNCIL OF THE CITY OF DIAMOND BAR.

By: _____
Ling-Ling Chang, Mayor

I, Tommye Cribbins, City Clerk of the City of Diamond Bar, do hereby certify that the foregoing Ordinance was duly introduced at a regular meeting of the City Council of the City of Diamond Bar on the 21st day of February, 2012, by the following vote:
