SCAQMD lawn mower exchange program

The South Coast Air Quality Management District (SCAQMD) offers a year-round program that allows residents to purchase new electric lawn mowers and receive a financial incentive (rebate) to lower the costs of sustainable options.

Program Details

SCAQMD has established a residential Electric Lawn Mower Rebate Program to offset the cost of an electric lawn mower. Through the Electric Lawn Mower Rebate Program, residents can purchase a new electric lawn mower either online or from a manufacturer-authorized retailer or dealer, including hardware and home improvement stores. The program will allow residents to turn in their old gasoline lawn mower to an [approved dismantler](#) for permanent destruction and receive a rebate based on the purchase price of a new battery operated electric lawn mower.

The Electric Lawn Mower Rebate Program will be implemented on a first-come, first-served basis and will provide up to \$250 towards the cost of the battery electric lawn mower.

Electric Lawn Mower Requirements

The electric lawn mower purchased must be new, not used or previously owned, or factory reconditioned. It has to be a zero-emission electric, battery-powered lawn mower. Corded electric mowers are not eligible. It must also be a push or self-propelled mower specified for residential use and have a minimum one (1) year manufacturer warranty.

To apply for the residential Electric Lawn Mower Rebate Program, please visit: www.aqmd.gov/lawnmower.

REBATE PROGRAM STEP BY STEP

- 1** Purchase your new, cordless electric lawn mower
- 2** Begin the online application, uploading your purchase receipt (www.aqmd.gov/lawnmower)
- 3** Select a certified scrapper from our list and print your certification form
- 4** Take your old working gas mower to the scrapping location and have the scrapper sign and return the certification form to you
- 5** Upload the signed certification form to your application
- 6** Sign and submit your final application electronically for processing
