

ENCROACHMENT PERMIT APPLICATION

City of Diamond Bar
Public Works | Engineering Department
 21810 Copley Drive, Diamond Bar California 91765

The undersigned hereby makes application to construct specific improvements on public streets at the location described below with the understanding all work is subject to the provisions of the City of Diamond Bar Municipal Code and an approved Street Construction Permit.

Permittee shall indemnify and hold harmless City (including of its officers, employees and agents) from and against all claims, causes of action, liabilities, losses and damages for injuries to persons and property, including reasonable costs of defense and attorney and expert fees, arising from Permittee's work described in and undertaken under and pursuant to this Permit. Permittee shall promptly pay the amount of any judgement rendered against City (including its officers, employees and agents) for any such indemnified claims, and reasonable costs and attorney and expert fees incurred by City in the defense if such claims.

Traffic Control devices shall be installed per MUTCD and W.A.T.C.H. Handbook before start of construction.

This permit shall expire Ninety (90) days after the date of issuance unless otherwise indicated below.

A 30 day extension may be obtained at the discretion of the City Engineer with payment of an extension fee or any other fee that may be required. The City Engineer reserves the right to terminate any permit.
