SUBJECT: 2021-2029 Housing Element Update—Planning Case No. PL2021-004 (“Project”)

REQUEST: The City of Diamond Bar (“City”) has prepared a draft Housing Element Update for the 2021-2029 planning period. The Housing Element is a component of the City's General Plan and includes analysis of the community's housing needs, opportunities and constraints, as well as policies and programs to facilitate the construction, rehabilitation, and preservation of housing for all economic segments of the community. The Housing Element Update focuses on establishing City policies and programs intended to address the housing needs of current and future Diamond Bar residents. The third workshop will provide an opportunity to solicit comments from the public, interested stakeholders and the City Council, prior to submitting to the California Department of Housing and Community Development (HCD) to commence the formal review process.

All interested persons are invited to participate in the meeting and submit oral or written comments. Written comments may be submitted via email prior to the meeting to Grace S. Lee, Senior Planner at Glee@DiamondBarCA.gov. The draft Housing Element Update and related documents are available for review at www.diamondbarca.gov/963/Housing-Element-Update.
